

Dissolve™ is excellent for the removal of oil, tar, wax, gum, glue, paint, grease, crayon, lipstick, mascara, adhesives, nail polish and other petroleum base spots. Unlike other solvent spotters, this product is formulated to couple with water for complete removal during rinsing. It may also be used as a solvent booster in water base presprays.

DILUTIONS

- Spotter: Do not dilute; use full-strength.
- As a Solvent Booster:
- Pump Sprayer: US: 2 ounces per gallon of prespray.
Metric: 15 milliliters per liter of prespray.
- Pressure Sprayer: US: 6 to 8 ounces per 5-quart container.
Metric: 185 to 250 ml per 5-liter container.

DIRECTIONS

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) For spot removal, apply to effected area; for gum or wax removal, groove a small trough into the center in which to apply product. Agitate if necessary. Allow to dwell 1 to 5 minutes or until spot has dissolved.
- 4) Extract or rinse thoroughly. Blotting with a white, absorbent cloth treated with Kleenrite Dry Spotter VS is acceptable when an extraction unit is not available.
- 5) For use as a solvent booster, mix well with prespray. It is recommended to shake container occasionally during use.

TECHNICAL DATA

pH at use dilution	na
Compound type	dry solvent
Water solubility.....	temporary suspension
DOT restrictions	none
Freeze/thaw stable	yes
VOC compliant	yes
Shelf-life, years	10+

AVAILABLE SIZES

US gallon . 55-gallon drum

ADVANTAGES AND USAGES

- ▶ Excellent for dissolving oil, tar, wax, gum, glue, paint, grease, crayon, lipstick, mascara, adhesives, nail polish and other petroleum base spots.
- ▶ Anti-redeposition formula. Couples with water for complete extraction.
- ▶ Safe for use on all New Generation carpet and natural fibers, such as wool and cotton.
- ▶ May be used as a solvent booster in water base presprays; will not alter pH.
- ▶ This product does not contain Butyl Cellosolve.
- ▶ User safe.

CUSTOMER INFORMATION

Removes obstinate spots and stains.
Does not leave residue; rinses completely.
Fresh mint or citrus scent.
Nontoxic. Biodegradable. VOC compliant.
