Technical Bulletin

Product: Solarfast Red MCH

Description: Specialty colorant for restoring faded mulch.

Solarfast Red MCH is a colorant used to restore faded mulch back to its original color. It is environmentally friendly and does not contain hazardous chemicals, heavy metals or other ingredients that are known to be harmful to the environment. Solarfast Red MCH is quick, easy, and economical for improving your landscape's overall appearance.

Before

After

Applications:

Solarfast Red MCH can be used for the following applications:

- 1.) Faded Mulch – Works on all types of wood mulch, including Cedar, Cypress, and hardwood mulch.
- 2.) Changing the color of the Present mulch-Allows you to enhance the look of your landscaping by changing the color of your mulch. The product will work on any mulch.
- 3.) Pine Straw- Works great on pine straw.

- 4.) Rubber Mulch-Will color rubber mulch.

Benefits to the product, “Solarfast Red MCH”:

- 1.) High Quality – Our product has been rigorously tested by professionals in the lawn care industry to ensure the quality is the best in the market.
- 2.) Will Not Fade – Once the color is applied properly and allowed to dry, it will not fade for a minimum of 1 month and may last as long as 3 months..
- 3.) Economical – A little bit goes a long way. Dilute at a ratio of 1:10 colorant to water for faded mulch.
- 4.) Works Instantly – As soon as you spray on the colorant the mulch will be bright orange but will fade to a dark red color after a few hours.

Directions for Usage:

- 1.) Do not wear good clothing. Product will stain clothing like a paint.
- 2.) Shake well before using.
- 3.) Apply when the mulch is dry and rain is not expected for at least 24 hours.
- 4.) Apply in the recommended ratios below.
- 5.) Allow 12-24 hours for lawn paint to dry.

<u>Application</u>	<u>Ratio of Colorant to Water</u>	<u>Coverage of Goods per Gallon of Product</u>
Faded Mulch	1:10	Approximately 5,000 square ft.

Storage:

Do not let the product freeze. Store in a cool dry place.

Disposal:

Triple rinse empty plastic container and recycle.

Caution

Keep out of the reach of children. Do not take internally. In case of eye contact, flush with large amounts of water and consult a physician. In case of ingestion, dilute with water or milk and consult a physician. Do not re-use this container. Rinse contents into the spray tank and crush prior to disposal. Do not apply to food or feed crops or grain after harvest. A spray shield is recommended for applications if overspray or drift is a potential problem. EMERGENCY CONTACT: CHEMTREC 1-800-424-9300
